

Safe Contact

Visitation Facilitation

Dedicated to growth, change and healing for children and families.

About Phoenix Safe Contact

Our supervised visitation services are provided to DCS/Probation children/families and private referrals.

Visitation supervisors are trained personnel dedicated to promoting safety, permanency and well-being for children and families through objective, nurturing guidance.

Visitation supervisors use a strength-focused approach while working with parents on building new skills.

Visitation supervisor can testify regarding observed parenting skills and the parent-child interactions.

Phoenix Associates, Inc.
